

- add auto-generated captions to most videos presented on the website

• **How accessible this website is**

We know some parts of this website are not fully accessible:

- you cannot modify the line height or spacing of text
- most older PDF documents are not fully accessible to screen reader software
- some parts of our online forms are difficult to navigate using just a keyboard
- some parts of the website cannot be listened to using a screen reader

• **Feedback and contact information**

If you need information on this website in a different format like accessible PDF, large print, easy read, audio recording or braille, contact us via the “Get in Touch” button, available on every page of agfa.com website and its sub sites

We'll consider your request and get back to you as soon as possible.

If you cannot view the map on our ‘Addresses’ page, call or email us for directions. Please find contact details here: <https://www.agfa.com/corporate/contact/>

Reporting accessibility problems with this website

We're always looking to improve the accessibility of this website. If you find any problems not listed on this page or think we're not meeting accessibility requirements, contact us via <https://www.agfa.com/corporate/contact/> or via the “Get in Touch” button, available on every page of agfa.com website and its sub sites.

Enforcement procedure

If you're not happy with how we respond to your complaint, [contact the Equality Advisory and Support Service \(EASS\)](#).

The Equality and Human Rights Commission (EHRC) is responsible for enforcing the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018 (the ‘accessibility regulations’).

Technical information about this website's accessibility

Agfa NV is committed to making its website accessible, in accordance with the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018.

Compliance status

This website is partially compliant with the [Web Content Accessibility Guidelines version 2.1](#) AA standard, due to 'the non-compliances' listed below.

Non-accessible content

The content listed below is non-accessible for the following reasons:

1. Some tables in content do not have table row headers when needed. This means assistive technologies will not read the tables correctly. This fails WCAG 2.1 success criterion 1.3.1 (Info and Relationships).
2. Some pages cannot be found through more than one type of navigation. This fails WCAG 2.1 success criterion 2.4.5 (Multiple Ways).
3. Some documents are in less accessible formats, for example PDF.
4. Images on some pages do not always have suitable image descriptions. Users of assistive technologies may not have access to information conveyed in images. This fails WCAG 2.1 success criterion 1.1.1 (Non-text Content).

When we publish new content we strive to make sure our use of navigation, images, documents and tables meets accessibility standards.

We are working on assuring that in conjunction with browser accessibility features and accessibility add-ons our website is accessible for most users with all levels of abilities. We strongly recommend users to add the desired accessibility add-ons to their browser.

Disproportionate burden

We've assessed the cost of fixing the issues with accessibility for the current content of the website. We believe that doing so now would be a disproportionate burden within the meaning of the accessibility regulations.

What we're doing to improve accessibility

When we make changes to the website or publish new content, we strive to make sure our use of navigation, images, documents and tables meets accessibility standards.

Preparation of this accessibility statement

This statement was prepared on June 29th, 2021. It was last reviewed on June 29th, 2021.
