

The MUSICA scale

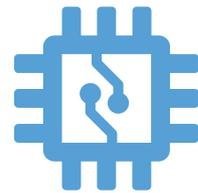

Agfa image processing
around the world

Radiologists around the world rely on digital image processing for their diagnosis. This is the scale on which MUSICA, the Agfa image processing software, is used: daily, globally.

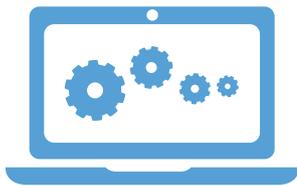

65,000

Total MUSICA installations
on CR and DR units

+10 TB

of MUSICA diagnostic
information processed per day

+8,000

hours diagnostic reading
per day with MUSICA

+2,000,000

MUSICA images
read per day
