

Agfa Customer Finance

The Agfa Graphics Financial Solution for the Graphics industry responds to your company's specialised requirements.

STAY AHEAD. WITH AGFA GRAPHICS.

Agfa Customer Finance

With a comprehensive personal approach, we offer you flexible financial solutions that are geared towards your individual requirements.

These financial solutions are part of the total offer available from Agfa Graphics.

This global financing concept is adapted to fit the legislative requirements in each country.

Agfa Finance – Your partner for financial solutions

Agfa Customer Finance rounds out your Agfa Graphics solution with competent financial consulting and advises you on the financial solutions that are typically available in the market.

Taking into account your particular business situation, Agfa Customer Finance will be glad to create your optimal financial solution.

Your advantages:

- Payments can be matched to cash flow
- Additional financing sources in addition to the current credit lines available from your bank
- Costs are adapted to the economic life of the product
- 100% financing thanks to the complete package offer:
System, professional service (maintenance, training...) and procurement costs (delivery costs, installation costs, freight ...)
- Consideration of country-specific and international accounting standards

Our services:

- Specific financing options according to your requirements
- Attractive payment options
- Specialised knowledge of the graphic industry
- Complete Package offer (consumables, equipment, software, service and financing)
- Comprehensive know-how in financial issues
- Analysis of your operating costs and investment budget
