

The graphic world prepared for drupa, and so did we. We would have met at booth 4D48... Even with drupa postponed to 2021, our commitment to the printing industry stands strong. Welcome to Studio 4D48 instead!

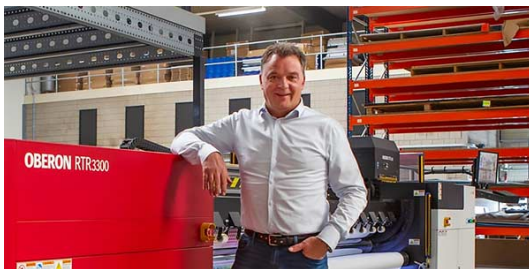

We invite you to a series of webinars to discover how you can benefit from the latest market-driven, made-to-measure innovations for sheetfed, heatset, coldset and offset packaging printers.
