

We would have met at Printing United or FESPA, booth 5D10... All trade events may have been postponed, but our commitment to the printing industry stands strong. Meet our experts in Studio 5D10 for a series of broadcasts and discover how you can benefit from the latest versatile, cost-efficient innovations in the field of inkjet printing – for sign & display as well as industrial printing applications.

Visit STUDIO5D10.COM

There are dedicated sessions on wide-format inkjet for offset printers, corrugated inkjet printing and made-to-measure large-format and industrial printing applications.

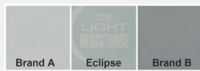

Keeps your presses clean

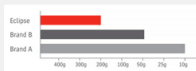

Superior and stable image contrast

The most convenient process-free printing plate

24 hours office-light stability

Excellent scratch resistance
